SUMMARY

As a motivated 4th year B.tech student majoring in Computer Science, I am passionate about leveraging emerging technologies to solve real-world problems. Currently honing my skills in programming, data structures and algorithms, I am eager to contribute to innovative projects and collaborate with like-minded professionals. Open to internships and opportunities to apply classroom learning in practical scenarios.

TECHNICAL SKILLS

- Programming & DSA: Java, C, Data Structures & Algorithms
- Web Technologies: HTML, CSS, javaScript , React
- Creative/Design: Graphic design, Web design, photo & video editing
- Software Concepts: OOP, OS & Networking Fundamentals
- Tools & Platforms: Git, VS Code, Wix studio, Canva, Lightroom
- Soft Skills: Communication, Teamwork, Adaptability, Leadership

PROJECTS

Expense Tracker App

March 2025-April 2025

It is a Expense Tracker app which is made using HTML,CSS and javaScript, where we can manage all kind of expenses of our daily, weekly, monthly, yearly needs. We can update, edit, search and delete those expenses.

Weather Forecast App

June 2024 - July 2024

It is a weather forecast app which is made using HTML, CSS and Javascript, where we can search any country's present wind speed and temperature. For collecting the data, API system has been used.

Portfolio website

March 2024 - April 2024

This is my own portfolio website. Here I have applied my development skills .

E-commerce website

August 2025- September 2025

I made this website for my own learning purpose .

PROFESSIONAL EXPERIENCES
